- Internal Truck out Valve with External Handle
- No External Piping
- Operator friendly working layout
- Chemical Pump Drip Tray

### Zero Sour Features

- Integrated Vent Gas Scrubber
- Fuel Gas Sweetening system
- Chemical Storage
- 1/8" CA
- Sealed Tank
- NACE
- **No Sour Emissions**

## **H2S Removal Systems**

### **Any H2S – Any Source – Any Gas Flow**

#### **Vent Gas Treatment**

##### **Any Source**

- Stand Alone Single Tank Treatment
- Multiple Tank Farm Treatment
- No H2S Emissions on Lease
- Winterized
- Large SAGD and other Produced Fluid Tanks

#### **Instrument Gas**

Compact Instrument gas contactor  
Internally Mounted in Tank Separator Packages  
External Stand Alone System

#### **Compressor Fuel Gas**

##### **Sugar Cube System**

Compact footprint  
Transferable  
Wide Range of H2S and Gas Flows  
Complete Plant Solutions

#### **Solution Gas Treatment**

Oil Associated Gas  
Any H2S concentration  
Augment Oil Revenues

#### **Sales Gas Treatment**

Gas Flows from a few Mcf to Several Million  
Wide H2S Concentration Range  
Designed to Work With or Without our Tank/Separator Packages

#### **CO2 Treatment**

CO2 for EOR applications  
Cleanup for Amine Systems  
Vented CO2

#### **Sour PSV Release**

Sour Gas in Populated Regions  
Flare Elimination Areas

## Equipment Solutions

### In-Stock Solutions

Ultrafab has Packages in Stock available to treat many common applications

- Tanks
- Tank Separator packages
- H2S Removal Systems
- Various Sized Equipment and Treatment options
- Vent Gas Treatment Equipment

### Short Delivery Resolutions

- Many vessels in stock
- Many Tanks and Skids available
- Customized Package solutions can be built in 2-4 weeks
- Tanks
- Separator Skids
- Tank/Separator Skids
- Sweet and Sour options
  
- Sweetening systems
- Vessels in stock
- Vent Gas Scrubbers
- Combination packages
- H2S Removal Solutions available in Short Delivery

### Customized Solutions

- Ultrafab can provide a Comprehensive solution for any Wellhead treatment
- Sweet or Sour Applications
- Tanks
- Separator packages
- Pump Skids
- Header Skids
- SCADA options
- Internally Coated Equipment
- **H2S** Removal Solutions for **ANY** Source

## Lease and Lease-to-own Options available

## Comprehensive Wellhead Sour Application

## Sensitive Landowner Solution

## CO2 Treatment for H2S

**Vent and Instrument Gas H2S Treatment**

**SCADA Tank/Separator with Integrated Tower Mount**

## Vent Gas Treatment Specialty

## Tank / Separator Packages Sweet or Sour

## PSV Release Sweetening System

## Custom H<sub>2</sub>S Removal Solutions
